**Listen to the tape and fill in the missing words in the text below.**

I came to do the job I am doing by accident (*example*), really. I had bought a house that I thought was fantastic, but after moving in I realised that it \_\_\_\_\_ (1) a lot of work. As I didn't have much money at the time, I had to do all the work myself. I bought a book on DIY, and \_\_\_\_\_ (2) several others over the course of the year that it took me to renovate the house. I put in a new kitchen and bathroom, I \_\_\_\_\_ (3) the house re-plastered, took up the carpets and restored the \_\_\_\_\_ (4) floors, and redecorated the whole house.

When I had finished, I had the house valued and found to my surprise that it was now \_\_\_\_\_ (5) nearly twice what I had bought it for. This wasn't all down to my work, of course. House \_\_\_\_\_ (6) were also going through the roof. So I sold it and \_\_\_\_\_ (7) another old house and did the same again. Once again I had nearly doubled my money. It was at this time that I decided to give up my old job and renovate houses \_\_\_\_\_ (8) time.

By the time I had sold my fourth house I no \_\_\_\_\_ (9) needed to borrow money to buy it. I was twenty six and \_\_\_\_\_ (10) a house outright! I was beginning to see that the market couldn't continue to \_\_\_\_\_ (11), so when I sold up I didn't buy another. I put nearly all the money in the bank, and went \_\_\_\_\_ (12) on a long holiday.

When I returned house prices had slumped as I had \_\_\_\_\_ (13), and by borrowing a little I was able to buy two houses and that's when the business really started. It's a good job and I enjoy the practical as well as the business \_\_\_\_\_ (14). It also means that I always have something to talk about at dinner parties. There's nothing that the English middle classes like more than to talk about home improvement and \_\_\_\_\_ (15) prices.
